

Overview of performance across Education KPIs

GOING WELL OR BETTER

- In 2019/20 and 2018/19, the percentage of 19 year olds qualified to level 3 increased by 2.1% points to 63.3%. This is higher than both England (60.2%) and our statistical neighbors' average (63.0%).
- In Autumn 2019/20 (latest published data), the overall absence rate for special school pupils is 9.7% which is lower than England (10.5) and our statistical neighbours' average (10.1).
- In Autumn 2019/20 (latest published data), the rate of persistent absentees for special schools is 26.9 % which is lower than England (30.0) and our statistical neighbours' average (30.6).

ONES TO WATCH

- There were 5 permanent exclusions in May, the joint highest monthly figure in this academic year.
- Between 2019/20 and 2018/19, the percentage of 19 year olds qualified to level 2 decreased by 1.4% points to 82.7% and continues the downward trend since 2014/15. This is slightly above our statistical neighbors' average (82.5%) but slightly lower than England (82.8%).
- In Autumn 2019/20 (latest published data), the rate of persistent absentees for primary, secondary and special schools is 12.7 which is lower than England (13.1) but higher than our statistical neighbours' average (11.6).
- In 2019/20, 44.9% of pupils entered the English Baccalaureate, which is 5.1 percentage points higher than England. However, this is 1.8 percentage points lower than last year and 6.8 percentage points lower than our statistical neighbours'.

THINGS TO DO BETTER

- There were 193 fixed term exclusions in May which is the highest monthly figure in this academic year.
- In May 2021, 27% of children with an EHCP are educated outside of Croydon.
- In 2019/20, the Average Attainment 8 score per pupil* in Croydon was 48.9, which is lower than both England (50.2) and our statistical neighbours (50.8).
- In 2019/20, 48.9% of pupils achieved grades 9-5 in English and Maths* in Croydon, which is lower than both England (49.9%) and our statistical neighbours (51.0%).

* Due to the COVID-19 pandemic, the summer exam series was cancelled in 2020. Grades awarded were based on either a centre assessment grade or their calculated grade using a model developed by Ofqual - whichever was the higher of the two. As a result the 2019/20 data should not be directly compared to attainment data from previous years for the purposes of measuring changes in student performance.
