

Good afternoon

Thank you for your email and reaching the parks team for comments.

I strongly support the idea of extending the PSPO to cover the entire park.

Over the last couple of months there has been a remarkable increase of antisocial behaviour at Grangewood Park, I received reports of park furniture being damaged (e.g. two benches set alight in the last 2 weeks), park features being vandalised, alcohol related activities taking place in the newly refurbished playground and uncontrolled dogs roaming the park.

Covering half of the park will only create confusion and undermine the intention of the proposed PSPO making it really difficult for the police to assist the council with any problem arising in the future.

Kind Regards,

Parks Team Leader
