## 1 SUMMARY OF REPORT

- 1.1 This report introduces the Homelessness and Rough Sleeping Strategy 2024- 2029 to Cabinet for agreement and onward recommendation to full Council for approval. As well as setting out the statutory requirement to produce a 5-year plan, the report sets out the methodology used in its development as well as setting out a summary report of the process used to consult residents and partners and achieve a consensus for the key themes identified in the strategies priorities.

## 2 RECOMMENDATIONS

Having considered the evidence, the outcome of the consultation and the requirements of the Council’s Public Sector Equality Duty for the reasons set out in the report and appendices, the Executive Mayor in Cabinet is recommended to:

- 2.1 Consider and Agree

- 2.1.1 the Homelessness and Rough Sleeping Strategy 2024- 2029 as detailed in Appendix A;
- 2.1.2 the Homelessness and Rough Sleeping Delivery Plan detailed in Appendix B; and
- 2.1.3 the Homelessness and Rough Strategy Summary Review detailed in Appendix C; and
- 2.1.4 the Summary Homelessness and Rough Sleeping Consultation Report detailed in Appendix D

## 2.2

Delegate authority to the Corporate Director of Housing to make minor amendments to the Strategy in consultation with the Executive Mayor and Cabinet Member for Homes following agreement by the Executive Mayor but prior to its recommendation and adoption by full Council.

**2.3** For the reasons set out above **RECOMMEND TO FULL COUNCIL** the adoption of:

- 2.3.1 the Homelessness and Rough Sleeping Strategy 2024-2029 as set out in Appendix A;
- 2.3.2 the supporting Homelessness and Rough Sleeping Delivery Plan in Appendix B;
- 2.3.3 the Homelessness and Rough Sleeping Strategy Summary Review in Appendix C; and
- 2.3.4 the Homelessness and Rough Sleeping Consultation Report in Appendix D.

## 3 REASONS FOR RECOMMENDATION

- 3.1 Under the Homelessness Act 2002 all local authorities are required to produce a Homelessness Strategy every five years. From 2018, the Government extended this and included a responsibility for Council's to consider Rough Sleeping as a part of the overall strategic objectives. Croydon last produced a Homelessness and Rough Sleeping Strategy between 2019-22 (please see 4.8.3).
- 3.2 Together with the Housing Transformation programme agreed at Cabinet in December 2022, it sets out the pathway as to how the Council will improve its Homelessness and Rough Sleeping services and produce better outcomes for Croydon residents at risk of being made homeless or homeless.
- 3.3 With a number of other strategies such as Resident Engagement and Asset Management, the Homelessness Strategy 'sits under' Croydon's five-year Housing Strategy agreed at Full Council in December 2023.
- 3.4 The Mayors Business Plan sets the overall direction of the Council, and the Homelessness and Rough Sleeping Strategy will link into the following core objectives:

*Outcome 4, Priority 3 of the Mayor's Plan*

- Prevent homelessness by providing advice, guidance, and appropriate support.
  - Review procurement of nightly paid temporary accommodation for homeless people to obtain Value for Money
- 3.5 To achieve the above Mayoral target, a review of the Housing Needs and Homelessness service is being carried out and embedded to enable the Council to deliver better value for money and more responsive homelessness service.
- 3.6 The contraventions of the Regulator of Social Housing Standards as reported in the Ark Report has highlighted the importance of improving all housing-related services provided to Croydon residents. The Council has acknowledged that improvements are needed within the Housing Needs & Homelessness Service and the Strategy, and its accompanying delivery plan set out the objectives and actions needed to achieve this.
- 3.7 The Improvement and Assurance Panel has also identified housing as a key concern.

## **4 BACKGROUND AND DETAIL**

### **Drivers for developing the Homelessness and Rough Sleeping Strategy 2024-2029.**

- 4.1 As outlined above under the Homelessness Act 2002 (and Homelessness Reduction Act 2017), the Council has a statutory duty to produce a Homelessness and Rough Sleeping strategy for the borough. In the short term, London Councils are experiencing a significant rise in homelessness with Croydon now having over 3,000 households in temporary accommodation. Combined with escalating numbers of those who are rough sleeping, the need for a joined-up approach with Voluntary and Statutory Sector partners to reduce these pressures is essential. In the longer term, in a Borough with one of the youngest populations of under 19-year-olds in London combined with a projected 58% rise in over 65's means a planned approach working with housing association partners is needed to prepare for the increased demand for general needs stock and elderly accommodation that this will entail.
- 4.2 The Executive Mayor's Business Plan (see 3.4) has identified the prevention of homelessness as a priority and the strategy sets out the Executive Mayor's intent to improve the Council's services to those in housing need.
- 4.3 The Council accepts concerns raised by residents about the quality of its housing services. The need for improvement has led to the re-organisation of the Housing Needs & Homelessness Service to create a structure which is better able to respond to and prevent the causes of homelessness such as private rental evictions, family & friend evictions, mental health issues, drugs and alcohol problems and incidents of domestic abuse. The production of the Homelessness and Rough Sleeping Strategy and its

accompanying delivery plan provides the focus for what the new service is trying to achieve over the next five years.

- 4.4 In a time of rising homelessness and rough sleeping, when admissions into temporary accommodation are proving particularly costly to London Boroughs, the strategy sets out the intention to work preventatively to stop homelessness from occurring and to reduce the reliance on temporary accommodation. In doing so, the Council will achieve better outcomes for residents as well as better value for money.
- 4.5 As part of this strategy, the Council has carried out a consultation with its key partners and residents of the Borough. The feedback from well over 300 residents and the majority of our key partners is that the Council is not responsive to residents seeking assistance from the Housing Needs & Homelessness Service. Additionally, many of the Voluntary and Statutory Sector were of the view that the Council had withdrawn from performing its co-ordinating and facilitating role in tackling homelessness in the Borough. The Homelessness and Rough Sleeping Strategy sets out a clear path for improving services for residents and re-instating partnership work in the borough.
- 4.6 The Improvement and Assurance Panel (IAP) was commissioned by the Secretary of State for Levelling up, Housing and Communities to advise and assist on the Council's financial recovery strategy and report on the progress of service improvements. In the remit given to the Panel, housing was identified as one of the priority areas for improvement
- 4.7 The Exit Strategy (October 2023) devised by the Improvement and Assurance Panel and produced in conjunction with the Council sets out the progress required by 2025. Within the document, it sets out the necessity to produce a Housing Strategy to provide necessary direction for the service. As stated above, the Homelessness and Rough Sleeping Strategy links into the Housing Strategy.

#### **4.8 Methodology for developing the Homelessness and Rough Sleeping Strategy 2024- 2029**

- 4.8.1 In order to develop this strategy, the Council firstly conducted a review of homelessness and rough sleeping in the borough from July to October 2023. This included the use of homelessness statistics collected for the Department for Levelling Up, Housing and Communities (DLUHC), and the Combined Homelessness and Information Network (CHAIN), the London Mayors KPI's for Rough Sleeping.
- 4.8.2 In addition, an examination of how Croydon's performance benchmarks with London Local Authorities was conducted using information obtained from DLUHC and CHAIN. The process identified gaps or learning and tried to project future trends for homelessness and rough sleeping in Croydon.
- 4.8.3. The outcomes of the previous Homelessness and Rough Sleeping Strategy 2019-2022 were also considered. This set the following targets.
- Build 2,000 homes for Croydon residents.
  - Extend the Landlord Licensing Scheme after the first 5 years.

- Buy 250 homes for families in need to be let at truly affordable rents.
- Develop a strategic partnership with Crisis to develop our 10-year strategy to end homelessness.
- Continue with our Housing First approach to get our most vulnerable rough sleepers off the streets.
- Build on our Social Lettings Agency pilot to both encourage good landlords and to sustain tenancies.

During this period, the Council's financial position and the confinement of the Covid period meant that these objectives were not delivered and from May 2022 the Executive Mayor undertook to carry out a review of this service and produce a revised strategy with a greater emphasis on the prevention of homelessness as required by the Homelessness Reduction Act 2017.

4.8.4 The preliminary findings from the review were used to seek comments and views on homelessness and rough sleeping in Croydon from stakeholders and whether the initial findings identified the right priorities for the next five years. This involved a consultation exercise which included a user survey, meetings with residents, voluntary groups, and statutory agencies.

4.8.5 A short Consultation report was then produced summarising the views that have been expressed and any recommendations made that would inform the final Strategy.

4.8.6 The six priorities are as follows.

Priority One - Listen to our residents and provide good and responsive services.

Priority Two - Act at the earliest possible stage to prevent homelessness from occurring.

Priority Three - Reduce the reliance on the use of temporary accommodation.

Priority Four - Reduce the numbers of people who are rough sleeping in Croydon.

Priority Five - Manage our stock and encourage new affordable, private rented and social housing.

Priority Six - Re-instate partnerships with the Voluntary and Statutory Sector and deliver a more integrated approach to tackling homelessness.

## **4.9 Delivering the Homelessness and Rough Sleeping Strategy 2024- 2029**

4.9.1 The Homelessness and Rough Sleeping Strategy 2024- 2029 will be underpinned by a Delivery Plan (see Appendix B) which will detail the key actions and milestones to be achieved by 2029 to ensure our strategic priorities and objectives are delivered.

4.9.2 The key milestones will be SMART (specific, measurable, achievable, relevant, and time-bound) and reviewed as part of our Housing Transformation Programme. The key milestones will align with the Council's key performance indicators and Standards.

4.9.3 The strategic priorities and objectives of our Homelessness and Rough Sleeping Strategy 2024-2029 will also be reviewed against the following priorities.

- The Homelessness Reduction Act 2017 and the requirement for Local Authorities to prevent homelessness from occurring by early intervention.
- The Government's ambition to eliminate Rough Sleeping by 2027
- The Regulator of Social Housing has recently expanded the consumer standards to encompass the accessibility of services to prospective tenants as well as those with a secure and assured tenancy.

4.9.4 In a climate where the cost of homelessness is rising, a responsive and effective Housing Needs & Homelessness Service will require more integrated solutions in partnership with others. We understand that we need to do more for those people in greatest need and take a fresh look at how we can respond better to those groups that draw a disproportionate level of resources from the Council and other public service providers – such as families with multiple and complex needs. This will involve working much more closely with other voluntary and statutory partners in a spirit of partnership, sharing knowledge and expertise, and finding ways to better co-ordinate and integrate our approach.

## 5 ALTERNATIVE OPTIONS CONSIDERED

5.1 The following alternative options were considered ahead of developing the Homelessness and Rough Sleeping Strategy 2024- 2029:

- Do not produce a new Homelessness and Rough Sleeping strategy.
- Delay the development of a Homelessness and Rough Sleeping strategy.

5.2 The alternative option of not producing a new homelessness strategy was rejected for the reasons listed in 3.1- 3.7. Additionally, the Strategy is a statutory requirement which was due for completion in 2023. The Department of Levelling Up, Housing and Communities agreed to delay the new Strategy on the basis that it was produced by Spring 2024. Asking for a further extension is unnecessary and might therefore damage the Council's credibility.

## 6 CONSULTATION.

6.1 We consulted on the key themes of the Homelessness and Rough Sleeping Strategy 2024- 2029 through an online survey questionnaire (See Appendix D). The survey asked respondents whether they agreed or disagreed with the draft priorities. The online survey was live from 6<sup>th</sup> October to 15<sup>th</sup> December 2023 and received 188 responses and showed broad support for all original five draft priorities and underlying objectives. As a result of the feedback, a further objective on the delivery of a good and responsive service was added.

6.2 Survey responses regarding the draft priorities and objectives and a snapshot of the responses are listed below.

### **Priority One: Listen to our residents and provide good and responsive services.**

This has been included as an additional target as an outcome of the consultation where many respondents complained about the poor customer experience they had received.

**Priority Two: Act at the earliest possible stage to prevent homelessness from occurring.** Data provided to the Department of Levelling Up, Housing and Communities shows that Croydon Council currently prevents homelessness from occurring in 35% of occasions against the 45% average in other London Boroughs suggesting that more can be done to prevent homelessness.

**Priority Three: Reduce the reliance on the use of temporary accommodation.** Homelessness is on the rise nationally and particularly across London with some Councils experiencing 15% increases in those needing temporary accommodation. The cost of temporary accommodation and bed and breakfast is high, and residents are often housed in such accommodation for extended periods of time. We will use every endeavour to reduce the reliance on the use of temporary accommodation to ensure residents are provided with stable homes. *94% agree or strongly agree with this priority.*

**Priority Four: Reduce the numbers of people who are rough sleeping in Croydon.** Approximately 15% of the rough sleepers assessed in the borough remain living on the streets, and it is key that we continue to provide them with support services. We will also work with partners such as Safer Streets to deter those who refuse an offer of accommodation and cause anti-social behaviour. *79% agree or strongly agree with this priority.*

*Reasons for 15% disagreeing or strongly disagreeing:*

- *Some respondents were of the view that support should be withdrawn or that people could not be helped.*
- *Others wanted stronger action against anti-social behaviour.*
- *Comments were also received about the impact that staying in temporary or hostel accommodation can have upon mental health.*

**Priority Five: Manage our stock and encourage new affordable, private rented and social housing.** We need to manage our own stock effectively to ensure properties are re-let swiftly, as well as intervene to maintain tenancies in the social and private sectors. In addition, we will work with our housing association partners to increase access to the supply of new affordable and social housing in the borough *87% agree or strongly agree with this priority.*

*Reasons for 9% (23 people) disagreeing or strongly disagreeing:*

- *'Better management and maintenance of existing homes was needed.'*
- *'More social than affordable housing was needed.'*
- *'Rehouse out of Croydon as it is over-crowded.'*

**Priority Six: Re-instate partnerships with the Voluntary and Statutory Sector and deliver a more integrated approach to tackling homelessness.** We know that often residents with additional vulnerabilities are at a higher risk of homelessness and we need to work effectively with partners to assist vulnerable residents so as to prevent homelessness. *87% agree or strongly disagree.*

*Reasons for 11% disagreeing or strongly disagreeing:*

- *'Need to invest more in Mental health prevention.'*
  - *'Council should be leading and not assigning responsibility to others.'*
- 6.2. 18% of those responding had experienced homelessness or a threat of homelessness.
- 6.3. Meetings were held with Croydon Communities Consortium in which 26 residents attended and the Private Landlords Forum where about 60 landlords attended over 2 sessions.
- 6.4. A further 160 comments were received in the Housing Strategy consultation that related to homelessness.
- 6.5. One to one meetings also took place with key partners including the Family Justice Centre, Evolve Housing, St Mungo's Housing Association, Croydon University Hospital, South London and Maudsley Hospital Trust, Thames Reach, Nightwatch, Crisis Skylight, South West London Law Centres and Southern Housing.
- 6.6. In summary, key concerns raised in the Consultation related to the lack of responsiveness from the Housing Needs and Homelessness Service. The voluntary and statutory partners were also concerned that the Council was no longer carrying out its co-ordinating and facilitating role in tackling homelessness in the Borough.
- 6.7 There have also been two All Member Briefing Sessions with one occurring at the beginning of the process and another to comment on the finalised Strategy (March 25<sup>th</sup>/28<sup>th</sup>)
- 6.8 A report summarising the Consultation outcome is attached to Appendix D of this report.

## **7 CONTRIBUTION TO EXECUTIVE MAYOR BUSINESS PLAN.**

- 7.1 The development and implementation of the Housing Strategy 2023- 2028 and the Homelessness and Rough Sleeping Strategy 2024-2029 is key to ensuring the Council delivers against the following priorities within the Mayor's Business Plan 2022-2026:
- Get a grip on the finances and make the Council financially sustainable.
  - Become a council which listens to, respects, and works in partnership with Croydon's diverse communities.
  - Strengthen collaboration and joint working with partner organisations and the voluntary, community and faith sectors.
  - Develop our workforce to deliver in a manner that respects the diversity of our communities.
  - Ensure children and young people have opportunities to learn, develop and fulfil their potential.
  - Invest in council homes to drive up standards and develop a more responsive and effective housing service.

- Work with partners and the VCFS to promote independence, health and wellbeing and keep vulnerable adults safe.

## **IMPLICATIONS**

### **8. FINANCIAL IMPLICATIONS**

The Homelessness Strategy sets out the priorities of the Housing Needs services across 2024-2029. Priority one may have some financial implication depending on the outcome of feasibility work around data management. Priorities 2,3,4 and 5 align with business-as-usual priorities and planned improvements to service delivery and will have no additional financial implications. Priority 6 will require an amount of resource in the form of staff time, but this will be managed effectively to ensure no additional specific resource is required. Implementation of the strategy as described should ensure that homelessness costs are minimised as fewer households need high-cost housing support relating to the demand for services.

### **9 LEGAL IMPLICATIONS**

9.1 The Head of Litigation and Corporate Law comments on behalf of the Director of Legal Services and Monitoring Officer as follows.

9.2 Part 7 of the Housing Act 1996 sets out the definition of homelessness, and the duties owed by local authorities to applicants who become homeless or are threatened with homelessness.

9.3 The Homeless Reduction Act 2017 requires local authorities to intervene at an earlier stage and take reasonable steps to prevent homelessness (to those threatened with homeless within 56 days) and/ or relieve homelessness (through sustaining or securing accommodation) for eligible applicants who become homeless or are threatened with homelessness.

9.4 The Domestic Abuse Act 2021 amends Part 7 of Housing Act 1996 and now provides a new definition of domestic abuse. The Act extends priority need to all eligible victims of domestic abuse who are homeless as a result of being a victim of domestic abuse and requires local authorities to assess whether an applicant is homeless as a result of domestic abuse.

9.5 The legislation concerning homelessness reviews and strategies is set out in sections 1 to 3 of the Homelessness Act 2002 ("the 2002 Act").

9.6 Section 1 of the 2002 Act provides that a local housing authority may from time to time carry out a homelessness review for their district and formulate and publish a homelessness strategy based on the results of that review. The authority must exercise that power so as to ensure that a new homelessness strategy for their district is published within 5 years of the date of publication of their last homelessness strategy.

9.7 Section 2 of the 2002 Act sets out the meaning and scope of a homelessness review.

- 9.8 Section 3 of the 2002 Act, defines a homelessness strategy as a strategy for preventing homelessness in the district, securing that sufficient accommodation is and will be available for people in their district who are or may become homeless, securing the satisfactory provision of support for people in the district who are or may become homeless, or who have been homeless and need support to prevent them becoming homeless again.
- 9.9 In formulating or modifying a homelessness strategy, the authority must have regard to its current allocation scheme, its current tenancy strategy, the current London housing strategy, and the extent to which objectives can be achieved by other public bodies, voluntary organisations etc.
- 9.10 Before adopting or modifying a homelessness strategy, the authority must consult such public or local authorities, voluntary organisations, or other persons as they consider appropriate. The consultation that has taken place is set out in section 6 of the report.
- 9.11 A homelessness strategy may include specific objectives to be pursued, and specific action planned to be taken in the course of the exercise of their housing and social services functions. The Homelessness and Rough Sleeping Delivery Plan in Appendix B sets out the proposed key priorities to be achieved over the course of the next 5 years in ensuring that the objectives of the Homelessness and Rough Sleeping Strategy are achieved.
- 9.12 In carrying out a homelessness review, and in developing the revised Homelessness and Rough Sleeping Strategy, under Section 182(1) of the Housing Act 1996 the authority must have regard to the code of practice issued by the Secretary of State under Section 214A of the Housing Act 1996, namely the Homelessness code of guidance to local authorities 2018 as updated. Chapter 2 of the Code of Guidance relates to homelessness strategies and reviews.
- 9.13 The authority must keep their homelessness strategy under review, and may modify it from time to time, and the modifications or the strategy as modified must also be published.
- 9.14 A copy of the strategy must be available for inspection at the council's principal office, or a copy provided to member of public if asked for, and under the Code of Guidance the Council should publish the strategy and review documents on its website.
- 9.15 As a public authority, the Council must always take account of the provisions of the Human Rights Act 1998 and not act in a way which is incompatible with a Convention right. Under Article 8, any interference with the right to respect for a person's private and family life and home must be proportionate and Article 14 requires that there must be no unjustified discrimination within the scope of human rights on any grounds, such as sex, race, colour, language, religion, political or other opinion, national or social origin, association with a national minority, property, birth, or other status.
- 9.16 Approval of the Homelessness and Rough Sleeping Strategy 2024-2029 following consultation is a function reserved to Full Council by Article 4.2 of the Council's Constitution unless otherwise delegated in accordance with Article 4.1.

9.17 Under paragraph 4.55 of Part 3 of the Council's Constitution, the Corporate Director for Housing is responsible for discharging the Council's duties, powers and functions in relation to homelessness.

9.18 The Homelessness and Rough Sleeping Strategy meets the overall requirements of the Homelessness Act 2002 and the Code of Guidance chapter 2, and there is no legal reason why Cabinet should not agree the recommendations in this report, and to make a recommendation to Full Council to adopt the Strategy.

*Approved by:* Sandra Herbert Head of Litigation and Corporate Law on behalf of Stephen Lawrence-Orumwense Director of Legal Services and Monitoring Officer (05/04/2024)

## **10 EQUALITIES IMPLICATIONS**

Under the Public Sector Equality Duty of the Equality Act 2010, decision makers must evidence consideration of any potential impacts of proposals on groups who share the protected characteristics, before decisions are taken. This includes any decisions relating to how authorities act as employers; how they develop, evaluate and review policies; how they design, deliver and evaluate services, and also how they commission and procure services from others.

- 10.1 Section 149 of the Act requires public bodies to have due regard to the need to:
- eliminate unlawful discrimination, harassment, victimisation, and any other conduct prohibited by the Act.
  - advance equality of opportunity between people who share a protected characteristic and people who do not share it; and
  - foster good relations between people who share a protected characteristic and people who do not share it. <sup>(1)</sup>
  - Protected characteristics defined by law include race and ethnicity, disability, sex, gender reassignment, age, sexual orientation, pregnancy and maternity, and religion or belief.
  - Having due regard means there is a requirement to consciously address the three tenets of the Equality Duty within decision-making processes.
  - By law, assessments must be carried out throughout planning and delivery and contain sufficient information to enable the local authority to show it has paid 'due regard' to the equality's duties; and identified methods for mitigating or avoiding adverse impact on people sharing protected characteristics.
- 1.a** The Equalities impact Assessment outcome for protected groups is positive.

10.2 Comments Approved by Felisha Dussard Senior Communities Officer 06/03/2024.

### **OTHER IMPLICATIONS**

## **11 CRIME AND DISORDER IMPLICATIONS**

11.1 The Strategy alludes to the problem of anti-social behaviour caused by a minority of those who are rough sleeping and the need to co-ordinate work with safer streets to tackle this problem.

11.2 The Council also recognises the rising levels of homelessness attributable to Domestic Violence and will continue joint working with the Family Justice Centre to tackle this issue as well as liaising with the Police and the Council's Community Safety team.

## **12 RISK MANAGEMENT IMPLICATIONS**

12.1 Housing has been identified as an area of key concern by the Government and the progress of the Transformation Programme is monitored by the Improvement and Assurance Panel appointed by the Secretary of State. Failure to progress the Homelessness and Rough Strategy and a successful re-organisation of the service may therefore impact on the ability of the Borough to achieve an exit from intervention in July 2025.

## **13 DATA PROTECTION IMPLICATIONS**

13.1 There are no data protection implication with regards to this report

## **14 APPENDICES**

*A Homelessness and Rough Sleeping Strategy*

*B Delivery Plan*

*C Homelessness and Rough Sleeping Review*

*D Consultation Summary Report*
